

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

SEC. 2. All applicants for permits for the transportation of the aforesaid material shall provide wagons with bodies sufficiently tight to prevent the contents escaping therefrom, and when unloaded each of said wagons shall be thoroughly disinfected to the satisfaction of the health department. Said wagons shall be loaded and conveyed so that none of the material shall fall to the ground, run out, or spill therefrom.

SEC. 3. No person having a permit to carry house offal through the streets shall convey same on any vehicle unless his name, the words "Offal permit," and the number of the permit are marked on each side of the vehicle, satisfactory to the board of health.

SEC. 4. If any person having a permit to carry house offal through the streets shall cease to be the owner of the vehicle conveying said offal, he shall immediately surrender his permit to the board of health.

**Domestic Animals—Keeping of. (Reg. Bd. of H., May 1, 1913.)**

CHAP. X. *Goats, swine, cows, and hens.*—SECTION 1. No person shall keep a goat, swine, cows, or hens within the limits of the city without first obtaining a permit so to do from the board of health and in all respects complying with the conditions of such permit. All such permits may be revoked at any time by the board of health.

SEC. 2. No poultry yard, coop, or house shall be established or maintained within 25 feet of any building used as a dwelling, or where food is manufactured, prepared, offered, or kept for sale.

**Spitting—Prohibited in Public Places. (Reg. Bd. of H., May 1, 1913.)**

CHAP. XI.—SECTION 1. No person shall spit upon the floor of any public conveyance, shop, store, hall, church, schoolhouse, railroad station, or other public building in said city, or upon the steps or in the corridors of any said conveyances or buildings, or upon the sidewalks or crossings of any public way of said city of Brockton.

SEC. 2. *Spitting in street cars.*—The board of health of this city hereby adjudges spitting in street cars to be a public nuisance, source of filth, and cause of sickness, and prohibits such spitting upon the floor, platform, or any other part of any street car.

**Domestic Animals—Communicable Diseases of. (Reg. Bd. of H., May 1, 1913.)**

CHAP. XII.—SECTION 1. *Notice from person suspecting or knowing of the existence of disease.*—The written notice required by law to be given to this board by persons having knowledge of, or good reason to suspect, the existence of any contagious disease among any species of domestic animals within the limits of this city, or that any domestic animal is affected with any such contagious disease, shall designate, as clearly as may be, the suspected animals, the ownership thereof, the disease with which the animals are suspected of being infected, and the locations where such animals are to be found.

SEC. 2. *Owner to isolate animals and notify board of health.*—Every person owning or having control of cattle suspected of being infected with tuberculosis, or horses suspected of being affected with farcy or glanders, or any domestic animals suspected of being affected with any contagious disease, shall cause such animals to be isolated upon his own premises, and shall at once notify the board of health in writing, giving a careful description of each animal and of the place of isolation, and no such animal shall thereafter be removed from the place of isolation or allowed to pass through any public or private street, way, or place, until after said animal has been inspected by the city inspector of animals or by a veterinarian appointed by this board.

SEC. 3. *Agent of board of health to cause animals to be isolated.*—Whenever any agent duly appointed by this board of health finds any animal, within the limits of said city, suspected by him of having, or which in his judgment is infected with, any of
